

TESTIMONIALS

When presented with the possibility of putting on a Culligan Big Top, John Highkin and the Fern Street Circus accepted the challenge without hesitation. Not only were they able to respond to our every request, including the last minute “need” for a tiger act, they responded with complete professionalism and enthusiasm.

Thank you so much for your unique and engaging presentation for our after school enrichment students. You captured their attention with your fantastic costume and created quiet a presence on your 10-foot stilts, not including the funny hats! Your interactive performance was so much fun and educational on many levels.

Your professionalism in preparing your performers and equipment for the necessary three security checks made our staff’s job that day seem routine... Society views prisoners as hardened criminals. Yet Fern Street Circus reached these men... Its strong spirit touched the child in them all.
